Join researchers and clinicians from across the Georgia CTSA for a session on **Vaccine Development and Testing**.

Blue Sky Groups are unstructured meetings that provide a unique opportunity for attendees to drive the agenda and catalyze future collaborations and research opportunities.

Discussion topics may include, but are not limited to:

- What are the burning issues in this area?
- What are the known funding opportunities?
- What are the cross-institutional collaborative research opportunities in this space?

Share your experience, learn from others, enjoy opportunities for interdisciplinary networking and find potential collaborators!

**When:**
October 19\textsuperscript{th}
12:00pm-1:30pm

**Where:**
ZOOM
(link in registration)
